

AF (2) Forest Conservation and Sustainability in the Heart of the Colombian Amazon

2021 - 2025

World Bank
Colombia

NATURE BASED SOLUTIONS

sustainable management

The project's global environmental objective (GEO) is the same as the project's development objective (PDO), namely, to improve governance and promote sustainable land use activities in order to reduce deforestation and conserve biodiversity in the Project area. The project will restore forested areas and train communities on forestry management.
