

Sindh Flood Emergency Rehabilitation Project

2023 - 2028

World Bank

Pakistan

NATURE BASED SOLUTIONS

forests, grassland and other vegetation

The Sindh Flood Emergency Rehabilitation Project aims to rehabilitate critical infrastructure, provide short-term livelihood support, and strengthen Sindh's capacity to manage climate change impacts and natural hazards. The project integrates Nature-Based Solutions (NBS), including wetland restoration, vegetative riverbank protection, and greening initiatives, into hybrid flood risk management strategies.
